Embassy of Belgium in Sofia

We are now at the end of the first week of Belgian Days in Bulgaria 2014. The events we had till now were really successful. The screening of the silent movies on Sunday 9th was very pleasant, and all the audience, regardless the age, was enthusiast. The opening reception on Monday 10th gathered numerous guests who could appreciate the excellent atmosphere and the opportunity to create or maintain their professional contacts. On the jazz concert on Wednesday 12th the Belgian sax player Stephane Mercier made us travel during all the evening through the history of his music instrument and the evolution of his favorite music : the jazz. The concert was followed by the opening of the exhibition of comics round Adolph Sax, the Belgian inventor of the saxophone. This exhibition will stay at the premises of BNPParibas (Tsar Osvoboditel, 2) until November 24th.

Hilton stills organize its traditional Belgian buffet (till Sunday 16th and on reservation), and you can find hereunder additional information about the events on the 17th and 19th, organized by two Belgian companies. Finally, we will have on Friday 21st our gala dinner with the kind cooperation of Talents Restaurant (contact : iliyana.atansova1@gmail.com).

Thank you once again to the all team working on those Belgian Days. For those who already participated to some of those events : we hope that you enjoyed it and that we will see you again during the next days. For the others : just join us....
